Blood Conservation

Nancy L. Szaflarski, Guest Editor

Preface	187
Blood Conservation in Acute Care and Critical Care <i>Bart Chernow, MD, FACP, Eric Jackson, MD, JoAnn Miller, RN, and Jeff Wiese, MD</i>	191
 Physiologic Effects of Normovolemic Anemia: Implications for Clinical Monitoring <i>Nancy L. Szaflarski, RN, PhD, FCCM</i>	198
Current Red Blood Cell Transfusion Practices <i>Lawrence Tim Goodnough, MD</i>	212
Preoperative Autologous Blood Donation <i>Pearl T. C. Y. Toy, MD, and Kathleen Kerr, BA</i>	221
Blood Conservation in Neonatal and Pediatric Populations <i>Janet R. Wilson, RN, MS, NNP, and M. K. Gaedeke, RN, MSN, CCRN, CS</i>	229
Intraoperative and Postoperative Blood Salvage <i>S. Jill Ley, RN, MS, CCRN</i>	238
Diagnostic Blood Analysis Using Point-of-Care Technology <i>Joni L. Dirks, RN, MS, CCRN</i>	249
The Role of Pharmacologic Agents in Blood Conservation <i>Ilene K. Auer, PharmD</i>	260
 Nursing Strategies to Minimize Blood Loss Associated With Phlebotomy <i>Zelie F. Dech, RN, MSN, CCRN, and Nancy L. Szaflarski, RN, PhD, FCCM</i>	277

Advanced Practice

Michael H. Ackerman, Guest Editor

Preface	288
Current Questions With Regard to Acute Care Nurse Practitioner Preparation and Role Implementation <i>Marilyn Hravnak, RN, MSN, CRNP, CCRN, Margaret Q. Rosenzweig, RN, MSN, CRNP, and Marie Baldisseri, MD</i>	289

The Changing Role of Advanced Practice Nursing In a Managed Care Environment <i>Mary Beth Egloff Parr, MSN, RN, CCRN</i>	300
The Acute Care Nurse Practitioner in Collaborative Practice <i>Beth Martin, RN, MS, CS, and John U. Coniglio, MD</i>	309
Can We Afford NOT to Have Clinical Nurse Specialists? <i>Kathleen M. Vollman, RN, MSN, CS, CCRN, and Katherine H. Stewart, RH, MS, CS, CCRN</i>	315
Index	324
 CE Tests	326

Notice

The article, "Aortic Dissection: Pathophysiology, Diagnosis, and Acute Care Management," by Mary Ann House-Fancher, ARNP, MSN, CCRN, published in Volume 5, No. 4 (November 1995) AACN Clinical Issues: Advanced Practice in Acute and Critical Care, is substantially similar to two articles published previously: Burruss N. Aortic Dissection: Diagnosis and acute-care management. *Cardiovascular Nursing* 1993;29(6)41-51; and Crawford ES. The diagnosis and management of aortic dissection. *JAMA* 1990; 264:2537-2541.

Ms. House-Fancher offers her sincere apologies to Ms. Burruss, the American Heart Association, the American Medical Association, the American Association of Critical-Care Nurses, and Lippincott-Raven Publishers for using these materials without due credit to the original sources.
